Treasury Manager

Santa Clara, CA USA

About SonicWall

With more than 1500 team members globally, SonicWall's team members are committed to serving our partners and customers and evangelizing the need for better more comprehensive network security solutions.

Providing more than just breach detection, SonicWall delivers automated real-time breach prevention that protects organizations from cyber threats including ransomware, IoT DDoS attacks and encrypted malware. Our next-generation cyber defense platform is built on a cloud-based multi-engine sandbox that captures malware to safely identify and block advanced threats.

SonicWall has been fighting the cyber-criminal industry for over 25 years defending small, medium size businesses and enterprises worldwide. Backed by research from the Capture Threat Network, our award winning real-time breach detection and prevention solutions, coupled with the formidable resources of over 10,000 loyal channel partners around the globe, are the backbone securing more than a million business and mobile networks and their emails, applications and data. This combination of products and partners has enabled a real-time cyber defense solution tuned to the specific needs of the more than 500,000 global businesses in over 150 countries

SonicWall Treasury Manager

This is a high impact role that will report to the Director of Accounting at SonicWall. We are looking for a motivated individual who is on the fast track in his/her career, wants to grow professionally and be part of an exciting company in the dynamic cybersecurity industry.

This position will play a critical role in the treasury operations function, including worldwide cash management, intercompany transactions, cash flow forecasting, foreign exchange and treasury reporting. In addition, in this role, you will also work closely with cross-functional teams to improve business processes and possess a strong understanding of accounting.

The qualified candidates must be capable of working strategically and effectively, both locally and globally, as a trusted business partner and have excellent leadership and communication skills. Prior experience in Treasury is a <u>requirement</u> while background in hi-tech is highly desired.

Why work with us?
- Life at SonicWall entails collaborating with dedicated professionals with a passion for network security and related technology.

- When we see something that needs to be addressed we raise it up and loop in the relevant teams to start the discussion and get it addressed in as timely a fashion as possible.
- Our team members support a winning culture through positive and meaningful communication and relationships.
- Our team members' health and wellness is our priority as well as rewarding them for their hard work.

SonicWall is an Equal Opportunity Employer and Prohibits Discrimination and Harassment of Any Kind: SonicWall is committed to the principle of equal employment opportunity for all employees and to providing employees with a work environment free of discrimination and harassment. All employment decisions at SonicWall are based on business needs, job requirements and individual qualifications, without regard to race, color, religion or belief, national, social or ethnic origin, sex (including pregnancy), age, physical, mental or sensory disability, HIV Status, sexual orientation, gender identity and/or expression, marital, civil union or domestic partnership status, past or present military service, family medical history or genetic information, family or parental status, or any other status protected by the laws or regulations in the locations where we operate. SonicWall will not tolerate discrimination or harassment based on any of these characteristics.
